

# INFORMATION BULLETIN

All Providers  
April 3, 2009

***Business Opportunity:  
Community Brain Injury Support Services***

**#2009 - 28**

---

WorkSafeBC would like to establish a network of providers for ***Community Brain Injury Support Services***.

WorkSafeBC is accepting submissions from providers interested in qualifying for the provision of Community Brain Injury Services for various locations in BC.

The services are designed to help Injured Workers maintain skills in self care and productivity that allow them to live, participate and work in their local community. The Services are provided in home and community settings to assist Injured Workers in retaining and improving independence. The Services are developed and supervised by an Occupational Therapist and delivered by Support Workers.

You are invited to submit a response to the Request for Qualifications (RFQ) document that is currently posted on the WorkSafeBC ([www.worksafebc.com](http://www.worksafebc.com)) and BC Bid ([www.bcbid.gov.bc.ca](http://www.bcbid.gov.bc.ca)) websites. Please review the documents for complete instructions and an explanation of the process.

If you have any questions regarding the RFQ document, please contact WorkSafeBC Corporate and Health Care Purchasing at (604) 276-3344.

We look forward to receiving your submission.
